SITUATION				
Current Situation:	<p>The Red Bank Fire continues to burn west of Red Bluff. The fire is burning in remote, very steep, rocky terrain. Firefighters are being challenged by narrow roads and poor access into the fire area. Plans are being made to fly firefighters into the fire line to assist with containment efforts. The weather has been hot and dry with poor humidity recovery overnight. Increasing winds over the weekend could hamper containment efforts.</p> <p>Motorists should drive cautiously and always yield to emergency vehicles that are traveling on and off of the roads and highways. Fire danger remains elevated and everyone should continue to use extreme caution and refrain from daily activities that may spark a wildland fire. "Ready, Set, Go" is a user-friendly website that shows homeowners step-by-step instructions for hardening their homes and protecting their families from the dangers of wildfires. For more information, visit www.readyforwildfire.org.</p>			
Evacuations:	<p>Mandatory Evacuations: The areas south of Highway 36 between Tedoc Road and Vestal Road, and between the Shasta-Trinity National Forest boundary and the Four Corners intersection.</p> <p>Evacuation Warning: The greater Red Banks Community east of Joint Road located on and from Bell Road.</p>			
Evacuation Centers:	None			
Road Closures:	None
